

Elohim (And the Angels Sing)

You knew me in my mother's womb, Elohim
You loved me when I was made in secret, Yeshua
You chose me then You gave me life, Elohim
I'll serve You, love You all my days

And when the angels sing they cry Holy, Holy, Holy
And the angels sing and we worship Elohim
And when the angels sing they cry Holy, Holy, Holy
And the angels sing...

You called me when I was all alone, Elohim
You saved me when I was lost in darkness, Yeshua
You cleanse me and washed me white as snow, Elohim
I'll serve You, love You all my days

I'll lift up my voice to the heavens
I praise Your Holy Name
I worship and bow down to You
I love You Elohim
(Repeat these four lines)

And when the angels sing they cry Holy, Holy, Holy
And the angels sing and we worship Elohim
And when the angels sing they cry Holy, Holy, Holy
And the angels sing...

You knew me in my mother's womb, Elohim
You loved me when I was made in secret, Yeshua
You chose me then You gave me life, Elohim
I'll serve You, and love You all my days

And when the angels sing they cry Holy, Holy, Holy
And the angels sing and we worship Elohim
(Repeat and fade away)
